Request under Freedom of Information Act 2000

Thank you for your request for information which we received on 17 February 2023.

I am pleased to confirm the following.

Thromboprophylaxis

Does the Trust routinely meet the 95% VTE Risk Assessment level required by NHS England?

The attached document demonstrates that MKUH does generally achieve 95**%**

Please provide the monthly percentage (admissions numbers/VTE risk assessments carried out) for VTE risk assessments carried across the Trust between 1st January 2022 – 31 December 2022.

 Please see attached document.

Does the Trust have dedicated funding for a team ensuring VTE prevention occurs?

MKUH do not have dedicated funding for a VTE prevention team. However, we have a thrombosis and anticoagulation committee that meets every 2 months.
