Signed (person seen): [REDACTED] Signed (inspecting officer): [REDACTED]

Understanding Your Inspection Report

This report only covers those areas inspected at the time of the visit. All items marked 'L' are legal requirements identified by the inspecting officer based on breaches of legislative requirements observed during the inspection. These must be completed as soon as possible and within the time scales stated in the schedule.

Please note this schedule of works is NOT exhaustive but list those items which are observed at the time of the visit. You are reminded the obligation rests with the business to ensure compliance with all legal requirements.

If you wish to discuss any items relating to this inspection report, please contact the inspecting officer. If you consider the requirements of the schedule should be changed or you are not happy with the inspector's actions, you should contact Martin Brown, Environmental Health Manager (Tel: 01908 252736; email: martin.brown@milton-keynes.gov.uk).

Your Food Hygiene Rating

The Department is part of the National Food Hygiene Rating Scheme. The Scheme includes all food businesses including pubs, cafes, restaurants, retailers. During routine food hygiene inspections three compliance areas are scored:

- food hygiene and safety
- structure including cleaning
- confidence in management

The scores are used to give a rating. These elements are used as they are under your direct control and reflect the way in which the business is managed and operated. Your scores have been completed by the officer overleaf. To determine your Food Hygiene Rating, the scores are added together. However, if you have a high score in one or more of the compliance areas then your rating will drop to the band where that score lies.

Total score:	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Highest permitted individual score:	5	10	10	15	20	-
Food hygiene rating:	5 Very good	4 Good	3 Generally satisfactory	2 Improvement necessary	1 Major improvement necessary	0 Urgent improvement necessary

General information on the Food Hygiene Rating Scheme (including information on the appeals procedure, requesting a revisit and submitting a 'right to reply') can be found on the Food Standards Agency website www.food.gov.uk/ratings. If you wish to appeal your rating you must do so within 21 days of receipt of this report. An appeal form can be found on the above website.

You can request a re-rating inspection once you have made the necessary improvements to address the non-compliances identified during the inspection. The inspection will be carried out within 3 months of a valid request and will be unannounced. You will be given a new food hygiene rating based on the level of compliance found during that inspection. Your rating could go up, down, or remain the same. Milton Keynes Council charge £200 for this non-statutory service. To request a re-rating inspection, you will need to complete a form with evidence supporting your request and make the payment in advance. Please contact me directly for more information.
