Request under Freedom of Information Act 2000

Thank you for your request for information which we received on Friday 24th June 2024. I am pleased to confirm the following.

I am requesting an internal review of my request. To clarify my request, I am asking for the total number of patients that have received a diagnosis, i.e. they have received a letter stating they have "Functional Neurological Disorder" or "Functional Neurological Symptom Disorder" often abbreviated to FND and within the timeframes requested i.e. during the tax years of 20/21, 21/22, 22/23 and 23/24.

I understand this is diagnosed by neurology departments as aforementioned but also by psychiatrists/mental health practitioners as either FND or Conversion Disorder.

This is very specifically defined in the DSM-5 and also in ICD-11 under various F44 diagnosis codes.

Please see attached document.
